

Hang H2O

The Hang H2O washbasin is a wall-mounted element that combines functionality and design. Made of handcrafted Terzofoco ceramic, it features a pure, minimal form, complemented by a corrugated aluminium top coated in resin that also serves as a practical surface. Available in all finishes and earth tones, it adapts elegantly to both indoor and outdoor settings, in residential as well as contract spaces. Its versatility makes it ideal for contemporary environments, where ceramic becomes a central design element.

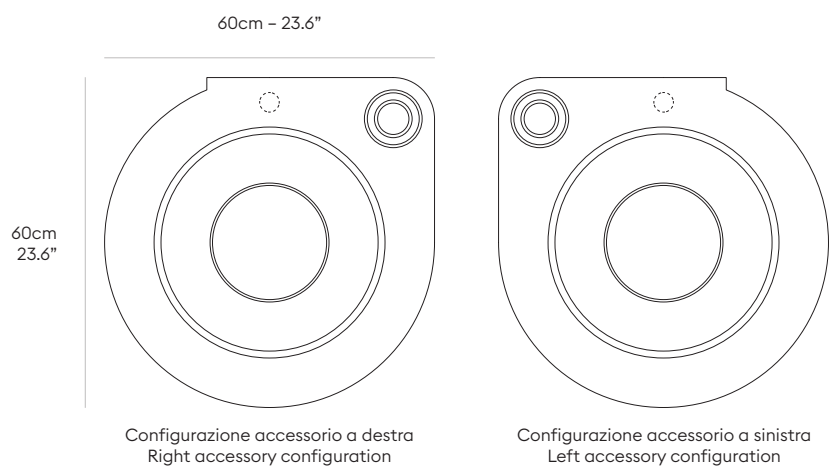

Il lavabo Hang H2O è un elemento sospeso che unisce funzionalità e design. Realizzato in ceramica artigianale Terzofoco, offre una forma pura e minimale, completata da un piano in alluminio grecato rivestito in resina che funge anche da piano d'appoggio. Disponibile in tutte le finiture e terre, si adatta con eleganza a spazi indoor e outdoor, sia residenziali che contract. La sua versatilità lo rende ideale per ambienti contemporanei, dove la ceramica diventa elemento centrale di arredo.

Mix & match

The finishes of the top and the clays of the ceramic elements can be freely combined.

Le finiture del piano e le terre degli elementi in ceramica possono essere abbinare liberamente

Care instruction

In order to preserve the appearance and durability of product, never use abrasive sponges, hydrochloric or acetic acids, ammonia or metal silicates.

Per preservare l'aspetto e la durata del prodotto, non utilizzare mai spugne abrasive, acidi idroclorici o acetici, ammoniaca o silicati metallici.

Uniqueness

All our pieces are wheel-thrown by hand: slight variations in shape, size, and weight are natural characteristics of artisanal craftsmanship.

Tutti i nostri pezzi sono torniti a mano: eventuali leggere variazioni in forma, dimensioni e peso sono caratteristiche naturali della lavorazione artigianale.
